**Part III DETAILED ACTION**

1. This application has been examined, this application is a continuation of US Patent No. 08/609,776, now abandoned. Claims 23,25-28,30-40,42,44-47, and 49-55 are being allowed over the prior art of record.
2. In reviewing the prior art made of record, not teaching or suggesting the claimed invention as recited in the new submitted claims, prior art of record does not warrant a rejection under **35 USC § 102** or **35 USC § 103**.

***Allowable Subject Matter***

3. The following is an Examiner's statement of reasons for the indication of allowable subject matter: Claims 23,25-28,30-40,42,44-47,49-55 are being allowed over the prior art of record.

The prior art of record teaches ways of printing using different formats, but the prior art of record fails to teach or suggest (in combination with other features of the claims a print merger configured to create a merge print job before printing by merging from a first print job with print data from a second print job, the print server being configured to select one of the output devices for each of the print jobs and each of the merged print jobs and to direct the print data of each of the print jobs and of each of the merged print jobs over a LAN to the selected one of the output devices that is compatible with the print data format of the output device.

Any comments considered necessary by Applicant must be submitted no later than the payment of the Issue Fee, and to avoid processing delays, should preferably accompany the Issue

Fee. such submissions should be clearly labeled "comments on statement of Reasons for Allowance".

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gabriel I. Garcia whose telephone number is (571) 272-7434. The Examiner can normally be reached Monday-Thursday from 7:30 AM-6:00 PM. The fax phone number for this group is (571) 273-8300.

On July 15, 2005, the Central FAX Number will change to 571-273-8300. This new Central FAX Number is the result of relocating the Central FAX server to the Office's Alexandria, Virginia campus.

Most facsimile-transmitted patent application related correspondence is required to be sent to the Central FAX Number. To give customers time to adjust to the new Central FAX Number, faxes sent to the old number (703-872-9306) will be routed to the new number until September 15, 2005. After September 15, 2005, the old number will no longer be in service and 571-273-8300 will be the only facsimile number recognized for "centralized delivery".

**CENTRALIZED DELIVERY POLICY:** For patent related correspondence, hand carry deliveries must be made to the Customer Service Window (now located at the Randolph Building, 401 Dulany Street, Alexandria, VA 22314), and facsimile transmissions must be sent to the Central FAX number, unless an exception applies. For example, if the examiner has rejected claims in a regular U.S. patent application, and the reply to the examiner's Office action is desired to be transmitted by facsimile rather than mailed, the reply must be sent to the Central FAX Number.

Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (571) 272-2600.
